

Continental Oak Faded Ice Ultramatt Poly

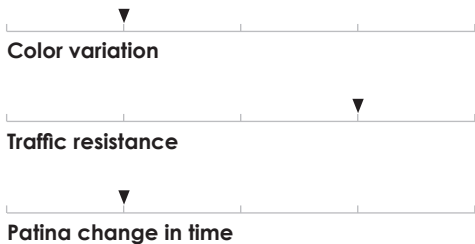

Pre-finished by hand, this Oak has a fresh natural Nordic look and feel. We bleach it with our own extra pale custom lye, which gives the patina long-lasting protection against yellowing. This finish works well on both uniform and more rustic Oak patterns for floor and wall cladding.

Species	Continental (European) Oak
Finish*	Ultramatt 2k Lacquer
Origin	European Oak (Quercus Robur) mainly over 80 years old. Grown in responsibly managed central European forests.
Maintenance	This finish can be cleaned regularly using our Premium Poly Fresh, which feeds and strengthens the surface over time.
Spot repair and Refinish	Professional maintenance with our Premium Ultramatt Polish will protect this floor for a very long time. For spot repairs and refinishing, we can provide efficient solutions.

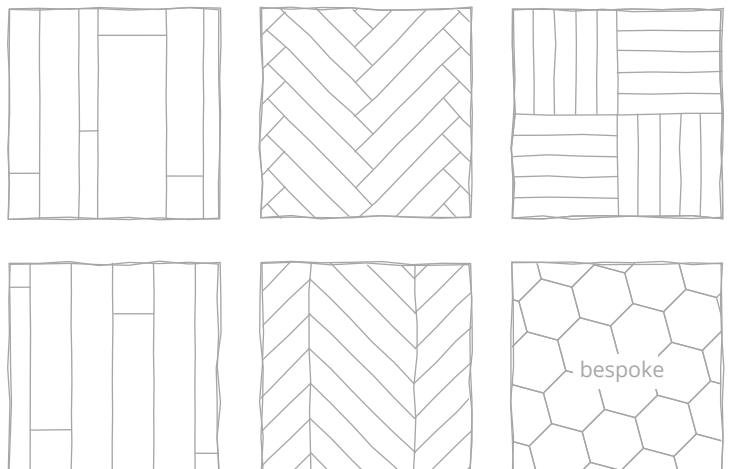

Structure**

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

Recommended patterns

*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

**) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
